

# Pequawket Kids Association Schedule and Sign-Up: September 7-December 3, 2010

Pequawket Kids Association provides students with enrichment opportunities after school that complement children's regular academic programs. An important goal of Pequawket Kids Association is to improve the academic performance of students in reading/language arts and mathematics. In order to accomplish this task, it is highly recommended that children attend at least 2 days each week. You are asked to schedule your child for one trimester at a time. A new schedule will be sent home with your child a week before the beginning of each trimester. In fairness to other students who want to join the program, students are expected to attend the days they are scheduled. PKA is not a drop-in program and your child must be signed up for the entire trimester in order to participate in any program. Your fee is payable in full or in three installments due at the beginning of each month unless other payment arrangements have been made with the coordinator in advance. Credit will be given for snow days, but not for any other missed days.

**No PKA on early release Wednesdays.**

**\*If this is your first time enrolling for the year, please ask for an Enrollment Contract and return it along with the annual \$25.00 per family enrollment fee.**
